My stay here at Kleos so far has been a wonderful experience. I have had so many opportunities to do things that I would have never been able to do before I came to Kleos. Gordon and Vicki have put together a wonderful place. The house parents are great. They really know how to treat us children. They also care about what happens to us. I really do like it here but there are times when I wish I could be with my own family. I know now that is why Kleos is here. So that I could build a new family. I really believe the whole reason Kleos is here is God's way of protecting me from all the evil of the world today.

I feel that my stay at Kleos is really going to have something to do with my future. I'll have a lot more opportunities than I would have if I had never come to Kleos. I've been here for five months now and feel that my life is taking a big turn around.
